Summary

Final-year CSE student with knowledge of MERN stack, Java, and Data Engineering and eager to learn and apply new technologies in real-world projects.

Education

Bharati Vidyapeeth Deemed to be University, College Of Engineering

Aug 2022 – June

B.Tech in Computer Science Engineering

2026(Expected)

- GPA: 9.02 (Aggregate up to 8th sem)

Mercy Memorial School, Kanpur

2019 – 2022

X and XII

- Class X: 94.2% — Class XII: 90.2%

Technologies

Languages: Java, Python **Web:** HTML, CSS, JS, React.js, Node.js, Express

Databases: MySQL, MongoDB **Tools:** Git, GitHub, VS Code, Power BI, Excel

CS Concepts: DSA, DBMS, CN, OS, OOPS, Cloud(Basics) **Cloud:** AWS (EC2, S3, IAM, S3, CloudWatch)

Data Engineering: PySpark, Pandas, NumPy

Experience

AcwitsSolution LLP, Noida

Jun 2025-Aug 2025

- Designed and developed responsive UI components for the psychometric test platform.
- Participated in testing and debugging to ensure cross-browser compatibility and responsiveness.

Software Engineering Virtual Experience – Forage (Accenture)

May 2025

- Completed Accenture Software Engineering Virtual Job Simulation on Forage

Projects

Car Rental Website

[GitHub](#)

- Developed a full-featured car rental web application using the MERN stack (MongoDB, Express.js, React.js, Node.js, AWS). The platform includes dynamic booking features, a user-friendly interface, and an integrated admin dashboard for managing cars, users, and bookings.
- Tools Used: React.js, MongoDB, Node.js, Express.js, ImageKit

Blinkit Sales Dashboard

[GitHub](#)

- Developed an interactive sales dashboard to visualize Blinkit's daily and monthly performance metrics.
- Tracked KPIs such as total sales, top-selling products, customer retention trends, and delivery zones.
- Tools Used: Power BI, Excel

Customer-trends-data-analysis

[GitHub](#)

- Developed a full-cycle customer analytics solution, from data preparation in Python to insight visualization in Power BI. Enabled identification of high-value customers and key behavioral trends.
- Tools Used: Python, SQL, Power BI, Data Analysis, EDA, Data Visualization, GitHub

Certifications

Operating System Fundamentals(NPTEL): [View Certificate](#)

Database Management Systems (NPTEL): [View Certificate](#)

Python Certification : (Coursera) [View Certificate](#)
